

The Other 90%
God's Principles Of
Personal Finance
 Lesson #4
 May 1, 2005
Controlling
Spending

Review

God is interested in how we handle ALL of our money.
 God uses money to develop us, mature us, and bless us.
 If we are worried, tempted, or judge people by money – we are not following God's principles.
 The Bible's 5-point plan for our money is: Earn it, Make a plan, Give some away, Save some, and Enjoy spending some... in that order.
 God wants us to live free from the bondage of debt.

Introduction

Biblical Principles

Be a _____.
